NORTHERN LIGHT CONVENTION 2026

TRUTH IN POLITICS

Be part of a rising movement for real political change in Europe.

Across the Western world, power is becoming increasingly centralized while policies and agendas are pushed forward without true democratic mandate. Freedom is being eroded step by step, and manipulation has become a defining feature of modern politics.

But something is changing.

A powerful grassroots movement is awakening — one that is no longer content with observation but is stepping forward to take political action and claim its influence.

Northern Light Convention 2026 brings together courageous political voices from across Europe who are actively working to turn this shift into reality.

A Rare Gathering of Political Pioneers

This year's convention features representatives from multiple countries — individuals, political parties and movements dedicated to:

- Truth and transparency
- Decentralization of power
- Genuine democracy
- Independent media
- Public health and societal integrity

These are not only ideas – they are actions being taken.

Main Feature: The Rise of Velichie in Bulgaria

This year's guest of honor is the Bulgarian political party Velichie — meaning "Greatness."

In a remarkably short time, Velichie has achieved what many believed to be impossible: Entering the Bulgarian parliament and influencing the national agenda — without compromising their core principles, their truth or message.

Their journey is bold, unconventional, and deeply inspiring.

What You Will Learn

During this exclusive presentation, you will gain direct insight into:

- How Velichie built a winning strategy from the ground up
- How to structure an organization from grassroots to national leadership
- Proven methods in activism, communication, and political campaigning
- How to break through established systems without losing integrity

Keynote speakers:

Ivelin Mihaylov (Founder & Chairman)

Radoslav Ivanov (Senior Representative)

Interactive Panels & Real Dialogue

This is not just a conference — it's a platform for exchange.

Join dynamic panel discussions where you can engage directly with speakers and explore:

- How Velichie's success can be applied in Scandinavia and beyond
 - How to build effective political and civil initiatives in your own region
 - The future of grassroots political movements in Europe

Northern Light Convention 2026

Truth in Politics

Tired of political manipulation and the centralization of power? It is time to move from observation to action.

The Northern Light Convention gathers courageous political parties and voices from across borders to build a genuine grassroots political movement.

A wide range of speakers will share their vision on how we create a decentralized society rooted in true popular sovereignty, honest media, health freedom, and much more.

This year's guest of honor is the Bulgarian political party Velichie, (or Greatness"). In record time, Velichie has transitioned from a grassroots movement straight into the Bulgarian parliament by refusing to compromise on their truth and their vision for Bulgaria. Meet founder **Ivelin Mihaylov** and his right-hand man **Radoslav Ivanov**.

Master the strategies behind their success:

- How to build a winning organization from the ground up.
- How to break through the system while keeping your integrity intact.
- Proven tools for effective activism and communication.

The event features interactive panel debates where you can join the conversation directly with this year's speakers.

This is more than just a conference — it is a platform for truth, decentralization, and real political change.
